

HONDA CIVIC

HYBRID LX

S⁺ Honda S+ Shift

FEEL THE DIFFERENCE

THE CIVIC

RE-ENERGISED

Some cars simply
take you places.

The Honda Civic makes you want to go.

Its sleek, sporty silhouette turns heads before you've pressed start. Inside, a refined, leather-appointed cabin makes every journey feel considered. Now Honda S+ Shift brings you closer still, creating the sensation of crisp, responsive gear changes you can feel.

Named the 2026 CarExpert Choice Award winner for Best Luxury Small Car, Civic brings together refinement, confidence and a hybrid drive that stays with you.

Efficient when you need it.
Spirited when you want it.
Unmistakably Civic.

CIVIC

S+ Honda S+ Shift¹

SEE IT.
HEAR IT.
FEEL IT.

Hybrid efficiency.
Honda's Joy of Driving.

Honda S+ Shift creates the sensation of crisp, traditional automatic gear changes within Civic's e:HEV hybrid system. Paddle shifters put control at your fingertips, while enhanced engine sound and sharper shift response draw you deeper into every drive.

Paired with the instant response of electric power, it's made for those who love being behind the wheel. And when you simply want to glide cruise, Civic settles back into smooth, efficient hybrid driving.

¹ S+ Shift is unavailable when Adaptive Cruise Control (ACC) is in use

Vision

The meter follows the engine's changing rhythm, shift by shift.

Hearing

Active Sound Control adds an engine note that rises and falls with you.

Experience

Sharper acceleration, deceleration and shift response bring you closer to the drive.

S+ Honda S+ Shift

DISTINCTIVE FROM EVERY ANGLE.

SEE IT Exterior

A low, sporty stance, sculpted lines and 18-inch alloy wheels give Civic a presence you'll notice every time you walk back to it.

Its low bonnet, low beltline, wide stance and expansive glass area gives the car a planted profile while preserving excellent visibility.

HEAR IT BOSE Premium Sound²

Twelve BOSE speakers surround you with rich, detailed sound. Dynamic Speed Compensation adjusts the volume as road noise rises and falls, so your music always sounds just right.

This feature can be turned off at any time.
² Bose is a registered trademark of Bose Corporation.

FEEL IT Interior

Step into a refined, spacious cabin. Leather-appointed comfort, heated seats and steering wheel, a panoramic sunroof and thoughtful driver-focused technology make it a place you'll want to be.

YOUR WORLD, WITHIN REACH.

Honda CONNECT

Honda Civic in your pocket

Honda Connect Gen 2 puts your Civic at your fingertips, wherever you are.

Remote Climate Control

Set the cabin temperature from your phone, so it's just right the moment you step in.

Remote Lights On/Off

Find your Civic in a busy car park with a flash of its lights.

Remote Lock/Unlock

Lock up from anywhere, or let a passenger in without a key.

Automatic Collision Detection³

If an airbag deploys, Honda Connect alerts a Customer Care agent, who will call you and send emergency services if there's no response.

Some Honda Connect app features are only available if your vehicle is linked to your Honda Connect account and connected services is activated. Remote vehicle features vary by model and not all vehicles will have all features.

³ Automatic collision detection is unavailable where there is no telecommunications network coverage, and may be unavailable during system maintenance or unplanned interruptions. This feature should not be relied on in the event of an emergency.

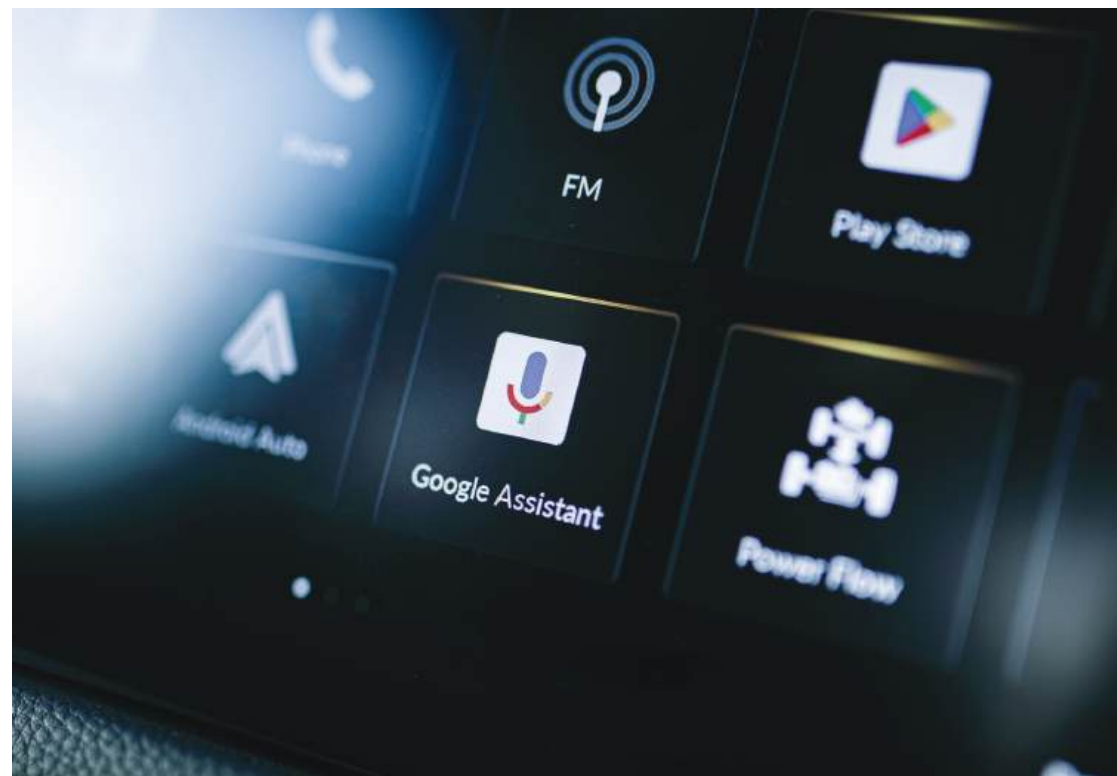

⁴ Google, Android, Google Play, Google Maps and other marks are trademarks of Google LLC. Some Google Built-In features require an internet connection for the display audio to get connected, and it can be through Hotspot. For USB connections: Compatible Android phone and compatible active data plan required. For wireless connections: Wireless use of Android Auto requires a compatible Android 11.0+ phone and compatible active data plan. Check g.co/androidauto/requirements for compatibility.

Google built-in

A more natural way to stay connected.

Just say "Hey Google".

Sign in with your Google account and your Civic becomes part of your day. Navigation, calls, music, messages and cabin settings all respond to your voice, keeping your hands on the wheel. You can even manage compatible smart home devices from the driver's seat.⁴

CONFIDENCE COMES STANDARD.

Honda SENSING

Honda SENSING⁵ is a suite of intelligent driver-assist features that works quietly in the background. From sudden changes in traffic to long stretches of motorway, it helps you stay aware and in control, so you can simply enjoy the drive.

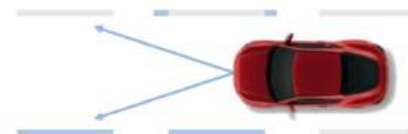

Traffic Sign Recognition System

Reminds you of certain road sign information such as the current speed limit your vehicle has just passed through, showing it on the gauge.

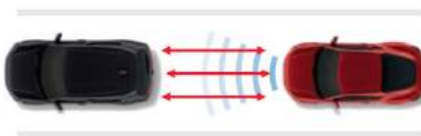

Traffic Jam Assist

Works in conjunction with the Lane Keep Assist System (LKAS) to apply steering torque, keeping your vehicle centred in lane during heavy traffic.

Lane Keep Assist System

Provides steering input to help keep the vehicle in the middle of a detected lane and provides audible and visual alerts if the vehicle is detected drifting out of its lane.

Adaptive Cruise Control with Low Speed Follow

Helps maintain a constant vehicle speed and a set following interval behind a vehicle detected ahead of yours and, if the detected vehicle comes to a stop, can decelerate and stop your vehicle.

Collision Mitigation Braking System

CMBS is designed to alert you when a potential front collision is determined, as well as to reduce your vehicle speed to help minimise collision severity when a collision is deemed unavoidable.

Road Departure Mitigation System

Alerts and helps to assist you when the system detects a possibility of your vehicle unintentionally crossing over detected lane markings, or approaching the outer edge of the road surface or a detected oncoming vehicle.

⁵ Honda SENSING is driver-assist technology. Drivers must continue to drive safe and monitor the road and not rely on technology. Accuracy and operation of Honda SENSING may vary based on weather, speed, traffic, road conditions, markings and other factors. Refer to owner's manual.

MAKING IT YOURS.

One fair price, flexible finance and accessories made for your Civic.

Honda Price Promise⁶

One Price, the Right Price, wherever you go.

No shopping around and no haggling. The same fair price at every Honda store, so you can buy with complete confidence. That's our Honda Price Promise.¹

Honda Financial Services⁷

Finance, made easy.

Whether in-store, over the phone, or online, Honda Financial Services offers flexible finance and leasing solutions for both personal and business customers, proudly supported by our trusted partners UDC Finance and MTF Finance.

Ultra Protection Pack

Genuine Honda accessories, made to keep your Civic looking its best.

⁶Honda New Zealand's Price Promise policy applies exclusively to the retail purchase price of new Honda vehicles purchased through authorised Honda stores and ensures consistent national pricing for all standard retail customers. This policy does not apply to Commercial or Government fleet customers, who instead qualify for Honda New Zealand's fleet pricing program. Any such pricing variations are at the sole discretion of HNZ and its authorised agents.

⁷With Honda Financial Services, owning your new Civic is simple and flexible. A range of tailored finance and lease options are available through your local Honda dealership, with our team ready to guide you through the process and find a solution that suits your needs. Whether you prefer structured repayments or greater flexibility, Honda Financial Services makes it easier to get behind the wheel with confidence. Terms and conditions apply.

A close-up, low-angle shot of the rear of a dark blue Honda Civic. The focus is on the rear light assembly and the 'CIVIC' badge. The car's surface is highly reflective, showing a distorted reflection of a city skyline and a cloudy sky. The background is a soft, out-of-focus mix of purple and orange, suggesting a sunset or sunrise.
