Honda Service and Smart Repair

What we can
do for you

WHY SERVICE THROUGH HONDA?

Having your car serviced by Honda may cost less than you expect and will help to ensure your Honda remains in excellent running condition.

Our service technicians are fully trained, and have access to the latest Honda diagnostic and repair equipment.

We store full service and repair history for nationwide Honda dealer access, plus Honda vehicle software system updates and we will check and complete free outstanding product recalls and updates.

We only use new, genuine Honda parts which means your car will be fitted with the replacement parts designed specifically for your vehicle. These parts come with a three year, 100,000km warranty.

We are also able to carry out vehicle relicensing and warrant of fitness checks.

We offer a range of Smart Repair specialised repair, polish and bodypaint services designed to restore your Honda to showroom condition.

WHEEL REPAIRS

Over time, alloy wheels get some scratches and dings, even with the most careful driving. Alloys in less than pristine condition can date a car very quickly, and they are the one distinguishing feature that's always noticed.

The good news is you don't need to buy new alloys. At Honda our Wheel Repair service will meticulously refurbish your alloy wheels so they look almost as good as the day you bought them.

Priced from only \$95 per wheel

HEADLAMP POLISHING

Crystal clear sparkling headlamps can make a car look brand new. Did you know you can remove the yellowing that occurs over time, and even restore cloudy, oxidised or scratched headlamps?

Our specialised service uses special buffing and polishing techniques to restore the optical quality of your headlamps. It's a simple solution but extremely effective when done professionally.

Priced from \$49

SMART REPAIR BODYPAINT

Now you don't have to be annoyed every time you see small chips, scrapes or scratches on your car. Our Smart Repair Bodypaint service can increase your car's value, by professionally repairing all those wear and tear marks, restoring your car to beautiful condition.

Rest assured, our highly specialised team will complete quality repairs to factory standards. We can complete it with no extra inconvenience to you. We'll organise and complete this on the same day as your service. In most instances, this repair will be cheaper than your insurance excess, but check your individual policy first.

Priced from \$150

HONDA PREMIUM VALET

When you bring your car in for a service, why don't you book one of our valet services.

These range from the quick and effective Express Wash and vacuum right through to the top-end Detailed Groom.

We also offer a Cut and Polish which removes any old wax build up.

Prices start from \$35
