SPECIFICATION **41-44**
A NEW DIRECTION **45-46**

The next generation Jazz has arrived with an advanced technology and dynamic, modern looks. Spacious on the inside and compact on the outside, it really is the complete, clever car.

Choose between the sophisticated and stylish Jazz Life, the new, active lifestyle Jazz Crosstar derivative with its SUV-influenced design. New to the line-up is the e:HEV Luxe the electrified Jazz with no compromises.

THE NEXT GENERATION FROM HONDA SPARK YOUR JOY WITH JAZZ

e:HEV HYBRID TECHNOLOGY

Our next generation e:HEV Hybrid technology provides a dynamic, electrified driving experience giving the new Jazz high performance and economy with low emissions

The e:HEV Luxe has an electric drive mode enabling the car to run on 100% silent, electric power. This advanced technology makes the new Jazz more relevant than ever in today's driving environment.

SOPHISTICATED DESIGN

The new Jazz range has been designed with a clean, seamless profile that's aerodynamically efficient and effortlessly stylish. Every detail gives the Jazz a smart, contemporary look and a unique personality.

THE NEW JAZZ CROSSTAR

New to the line-up is the Jazz Crosstar. Developed with dynamic, active lifestyles in mind, it sports a tough, muscular style featuring a distinctive grille, sleek integrated roof rails and a raised ride height for easier access and a commanding view of the road ahead.

Protective body mouldings and striking two-tone body colour options ensure you will always look good on the outside, whilst its water-repellent upholstery protects the inside from whatever life throws at it.

LIVING SPACE

The interior of the new Jazz is beautifully simple and incredibly comfortable, with soft-touch materials and clear displays. A new 7" digital driver display and 9" next generation touchscreen allow you to view essential information quickly and easily. The remarkable feeling of space is accentuated by the sleek dashboard with ergonomically designed controls and a wide, unimpeded view of the road.

UNRIVALLED FLEXIBILITY

Whatever you fit into your life, will also fit into the new Jazz and Jazz Crosstar. Our ingenious Magic Seats give you the versatility you want, just when you need it.

The rear seats can be configured in a variety of different ways in one easy motion, giving you the flexibility to carry almost anything from surfboards to small trees. They fold flat and dive-down to the floor for extra load space, or flip-up, allowing you to take advantage of the car's full height from floor to ceiling.

VIEW LIFE IN WIDESCREEEN

Enjoy exceptional visibility thanks to the panoramic windscreen, ultra-thin A-pillars and hidden wipers. This enhanced field of vision gives a confidence-inspiring driving position with minimal blind spots and allows light to flood into the cabin, enhancing the already impressive sense of spaciousness.

COMFORTABLE AND VERSATILE

The front seats have been designed with anti-fatigue properties to provide limousine class levels of comfort. Thoughtful touches like the wide centre armrest with storage and USB ports in the front and back ensure everyone can enjoy the journey.

Model shown is the e-HEV Luxe – Some shots are international specification.

LIFE'S BETTER CONNECTED

Life's better when you feel connected. The new Jazz range seamlessly connects you to your world with our next generation infotainment technology. Naturally, the new 9" touchscreen features a familiar, smartphone style display and usability with Android Auto and Apple CarPlay* integration. You can even connect without cables via Wireless Apple CarPlay or Bluetooth streaming.

So, if you need to check the weather, find your favourite music or choice of restaurant, it's always there to help you.

*Apple CarPlay is a trademark of Apple Inc., registered in the U.S. and other countries. For full specifications, please refer to pages 49-52.

COMMAND PERFORMANCE

SMOOTH & POWERFUL PETROL POWERTRAIN

The Jazz Life & Crosstar boast a 1.5L DOHC i-VTEC engine which has been designed to optimise responsiveness, combustion, reduce weight and minimise friction. Cleverly designed to optimise driver enjoyment while maintaining fuel economy. The transmission has been updated with Honda's Next Generation Grade logic control, monitoring lateral G forces – it delivers thoughtfully stepped gearshift during spirited driving to enhance driver involvement

NEXT GENERATION E:HEV ELECTRIFIED POWERTRAIN

Our advanced e:HEV Hybrid technology achieves an exceptional blend of effortless driving performance and impressive fuel economy. It's been designed to provide a responsive, smooth and efficient driving feel in all circumstances. The specially developed electric motor supplies an immense 253Nm of torque, to get you going, and is coupled to a lively 89kW petrol engine to sustain your driving needs. In the new Jazz, that fun-to-drive sensation is never in short supply. e:HEV technology is clever, because it constantly monitors the performance and economy of your Jazz to determine the most suitable power source. It then delivers the car's optimum energy smoothly and seamlessly by automatically switching between three driving modes: engine drive, hybrid drive and a pure electric EV drive.

HONDA SENSING

The new e:HEV equipped Jazz incorporates our latest Honda SENSING suite of advanced safety and driver assistive systems. Helping to keep you and your passengers safe and sound.

COLLISION MITIGATION BRAKING SYSTEM

If there is a possibility of a collision the system will alert you whilst simultaneously reducing your speed, helping to minimise the severity of any impact. We have now improved the system with night-time operation; it even applies the brakes if oncoming vehicles cut across or turn into your path.

LANE DEPARTURE WARNING

If the car moves out of its lane without you activating the indicator, then alerts will flash and sound, to help bring your attention to correcting the lane drift.

LANE KEEPING ASSIST SYSTEM

Helps keep you in the middle of your lane, providing a less stressful driving experience by reducing the need for steering correction movements and driving effort on the motorway.

ADAPTIVE CRUISE CONTROL

This function maintains a set cruising speed and following distance relative to the vehicle in front of you. If the detected vehicle slows, the function will decelerate your vehicle without the need to press the brake. When the vehicle accelerates again the Jazz will begin to accelerate once more up to your set speed.

AUTO HIGH-BEAM HEADLIGHTS

Detects a vehicle in front, including oncoming vehicles and automatically switches between high beam and low beam.

LIFE

- ◆ 16" Alloy wheels
- ◆ Parking sensors (front and rear)
- ◆ Black sports fabric upholstery
- ◆ Anti-fatigue front seats
- ◆ Panoramic windscreen
- ◆ SRS airbags (driver, passenger, front and rear sides, front and rear side curtain)
- ◆ Anti-lock Braking System and Brake Assist
- ◆ Emergency stop signal
- ◆ Adjustable Cruise Control
- ◆ Vehicle Stability Assist
- ◆ Electric parking brake with automatic brake hold
- ◆ Electric Power Steering – Agile Handling Assist
- ◆ Hill Start Assist
- ◆ ECON mode
- ◆ Tourneau Cover
- ◆ ISOFIX points
- ◆ Front 12v accessory socket
- ◆ Digital climate control aircon
- ◆ Power folding door mirrors
- ◆ Smart entry with push button start
- ◆ Auto walk away locking

1.5 DOHC i-VTEC Petrol Engine CVT

- ◆ Front driver, passenger and centre armrests
- ◆ Driver seat manual height adjustment
- ◆ Mobile phone seat back pockets
- ◆ Magic Seats
- ◆ One motion 60/40 split fold rear seat
- ◆ Tilt and telescopic steering wheel
- ◆ 9" Next Generation Infotainment
- ◆ Wireless Apple CarPlay
- ◆ Wired Android Auto
- ◆ 3 Angle reverse camera with dynamic parking aid
- ◆ Front USB connectivity and charge ports
- ◆ Steering wheel remote audio controls
- ◆ Body coloured door mirrors with integrated LED indicator
- ◆ LED headlights
- ◆ LED daytime running lights
- ◆ Headlight auto on/off timer (coming home/leaving home function)
- ◆ Privacy Glass

CROSSTAR

**1.5 DOHC i-VTEC
Petrol Engine CVT**

In addition to the features available on the Life grade, the features on the Crosstar grade include:

- ◆ Water proof fabric upholstery
- ◆ Soft touch fabric dash, knee protector and door trims
- ◆ Leather wrapped steering wheel
- ◆ Leather wrapped shift knob
- ◆ Brushed silver door mirrors with integrated LED indicators
- ◆ Crosstar styling (front and rear bumper / front fog garnish / wheel arch and side sill garnish)
- ◆ Roof rails
- ◆ Intelligent auto headlights
- ◆ Welcome interior lighting
- ◆ LED foglights
- ◆ Crosstar tuned suspensions & steering
- ◆ Increased ground clearance and ride height
- ◆ Security alarm
- ◆ Double horn
- ◆ Plated finish interior door handles, climate controls & air vent controls

*Only iPhone 5 or newer with iOS 8.4 or later are compatible with Apple CarPlay. Apple CarPlay features, applications and services may not be available in all areas and are subject to change. To use Android Auto™, you need to download the Android Auto™ app from Google Play™ to your smartphone. Only Android 5.0 (Lollipop) or later versions are compatible with Android Auto™. Android Auto™ availability is subject to change and may vary based on geographical location. Apple CarPlay is a trademark of Apple Inc., registered in the U.S. and other countries.

e:HEV LUXE

**1.5 e:HEV Hybrid
e-CVT**

In addition to the features available on the Life grade, the features on the e:HEV Luxe grade include:

- ◆ e:HEV Electrified Powertrain
- ◆ Variable gear ratio steering (VGR)
- ◆ Black or brown leather upholstery
- ◆ Heated front seats
- ◆ Soft touch leather interior panels (dash, door and knee protectors)
- ◆ Leather wrapped steering wheel
- ◆ Leather wrapped shift knob
- ◆ Honda Sensing Safety Suite
- ◆ Adaptive cruise control
- ◆ Collision mitigation braking system
- ◆ Forward collision warning
- ◆ Lane departure warning
- ◆ Lane keep assist system
- ◆ Road departure mitigation
- ◆ Auto highbeam assist
- ◆ Intelligent auto headlights
- ◆ Welcome interior lighting
- ◆ Front LED fog lights
- ◆ Rear USB ports
- ◆ Dual rear seat pockets
- ◆ Rear armrest
- ◆ Platinum silver coloured door mirrors with key linked auto power folding function
- ◆ Luxe exclusive platinum exterior trims (grille, door lower garnishes, boot garnish)
- ◆ Plated finish interior door handles, climate controls & air vent controls
- ◆ Illuminated phone tray

*Only iPhone 5 or newer with iOS 8.4 or later are compatible with Apple CarPlay. Apple CarPlay features, applications and services may not be available in all areas and are subject to change.
